Rocketeer

Sirian Werebull

Arachnoid

Aurigan Cave Daemon

Antaresian Spider

A detailed illustration of a large, grotesque spider-like creature with a metallic, grey-blue exoskeleton and prominent red, fleshy appendages. The creature is shown from a top-down perspective, with its legs splayed out on a dark, wet surface. The background is dark and textured, with red splatters and a red starburst icon in the top right corner. A red line points from the text label to the creature's body.
